

## TECHNICAL SHEET: 6105

### SLOW DEGREASER Silicon remover degreaser

---

#### DESCRIPTION AND FIELDS OF APPLICATION

Antisilicone SLOW degreaser that thoroughly cleans surfaces of overspray, silicone and dirt of all kinds before finishing.

Its slow evaporation allows to work on large surfaces and at high temperatures, without leaving marks or residues of impurities. Recommended use starting from 25 °C.

VOC 2004/42/IIIB(a)(850)850

#### TECHNICAL DATA

Composition:	Mixture of solvents at high detergent action
Specific weight:	0,7 ± 0,02
Colour:	Colourless
Safety data:	Refer to the safety sheet
Storage:	18 months

#### PROCESSING

Pour the necessary quantity of 6005 degreaser on a clean rag and wash carefully the surface to be painted; remove eventual traces of material with clean and dry rags. Can be also applied by spraying.

#### CAUTIONS

- \* While pouring the product, avoid contact of the cloth with the opening of can
- \* Dry the surface perfectly once the product has been applied
- \* Keep in a cool, dry place
- \* Close the container after use
